David – I got your voicemail from yesterday, I made the two editorial changes you suggested. The attached document provides the final version of the comment follow-up for the CFAC Background Investigation SAP.

Mike – Please take a look at the attached comment document to see where we currently stand with regard to the background investigation. I see that Roux scheduled a call for tomorrow...if desired, I can be available to have a check-in call prior to that to touch base. Ideally, we would provide these comments to Roux prior to the call to allow them time to consider what is being proposed.

Thanks,  
Lynn

**Subject:** CFAC Bkg Comments Follow-up

David/Sherry –

As we discussed on our earlier call, the attached document provides follow-up comments on the supplemental information provided by Roux on the CFAC Background Investigation SAP. This document focuses on additional comments stemming from earlier conference calls and subsequent emails from Roux, and include comments on the proposed alternate locations for background location #2 we discussed on Wednesday. These draft comments are provided for your internal review prior to submittal to CFAC/Roux. Please feel free to mark-up/edit as appropriate.

Thanks,  
Lynn
